THE UNIVERSAL CAR

ANNOUNCEMENT

Mr. Edsel Ford, president of the Ford Motor Company, gives the following statement:
"Another reduction has been made in the list prices of Ford cars and the Ford truck to take effect immediately. The list prices, f. o. b. Detroit, are now as follows:
Touring Car \$415
Coupe 495
Chassis 345
Tractor 625
The big reductions last fall were made in anticipation of low material costs which we are now getting the benefit of and the unprecedented demand for Ford cars, particularly during the past three months permitting maximum production. Ford business for April and May 1921 was greater than for the same two months in 1920. In fact, the demand has been even greater than in 1920 so that our output has been limited, not by inability to produce on account of the recent big price reductions, but by manufacturing facilities.
"During May we produced 101,424 Ford cars and trucks for sale in the United States alone—the biggest month in the history of our company—and our factories and assembly plants are now working on a 4000 car daily schedule to produce on account of the recent big price reductions. It is impossible, therefore, to make any further cut in the price of the tractor."
Can you afford to go without a car any longer when Ford cars are at these new low prices? There is no reason now why you should not purchase a Ford car, Ford truck, or Ford tractor.
We will gladly advise you concerning the delivery of a Ford tractor or the particular type of car in which you are interested, by phone or by drop us a card.

Are You in DANGER!

If you are in the habit of keeping money or valuables on your person or about your house, you are certainly in danger.

You are in danger not only of being robbed, but of having some worse fate befall you. There are, sad to say, those who would not hesitate to commit murder, if necessary, to expedite a robbery that they have planned.

You will be safer and your money certainly will, if it is deposited in banks. We not only offer you 100% safety, but will add 4 per cent interest to your balance each year.

As to your valuables, you can rent a safe deposit box in our vault in which they, too, will be really safe.

IS YOUR HEALTH GRADUALLY SLIPPING?

Interesting Experience of a Texas Lady Who Declares That if More Women Knew About Cardui They Would Be Spared Much Sickness and Worry.

Navesota, Texas.—Mrs. W. M. Peden, of this place, relates the following interesting account of how she recovered her strength, having realized that she was actually losing her health:
"Health is the greatest thing in the world, and when you feel that gradually slipping away from you, you certainly sit up and take notice. That is what I did some time ago when I found myself in a very nervous, run-down condition of health. I was so tired and felt so listless I could hardly go to all.
"I was just no account for work. I would get a bucket of water and would feel so weak I would have to set it down in this condition, of course, to do even my housework was a task almost impossible to accomplish.
"I was . . . nervous and easily upset."

I couldn't rest well at night and was . . . just listless.
"I heard of Cardui and after reading I decided I had some female trouble that was pulling me down. I sent for Cardui and began it. . . .
"In a very short while after I began the Cardui Home Treatment I saw an improvement and it wasn't long until I was all right—good appetite, splendid rest, and much stronger so that I easily did my house work.
"Later I took a bottle of Cardui as a tonic. I can recommend Cardui and gladly do so, for if more women knew, it would save a great deal of worry and sickness."
The enthusiastic praise of thousands of other women who have found Cardui worth trying. All druggists sell it. 1-2
